

Introducing the 1st LEFT-HANDED 3.5x Hand-Held Magnifier!

Our left-handed 3.5x is the first of its kind on the market and is the only truly left-handed magnifier that we know of. We are happy to provide this innovative product to help you succeed with your left handed consumers!

The price is the same as the right-handed version, and it is available with optional yellow or teal colored LED's. It can also be private labeled - as can the entire line of SMARTMags®. **ITEM # MH35LEDL.**
