

Mattingly *SMART* Portable Video Magnifier

Item # VPVM

USER'S GUIDE

Thank you for purchasing the Mattingly *SMART* Portable Video Magnifier!

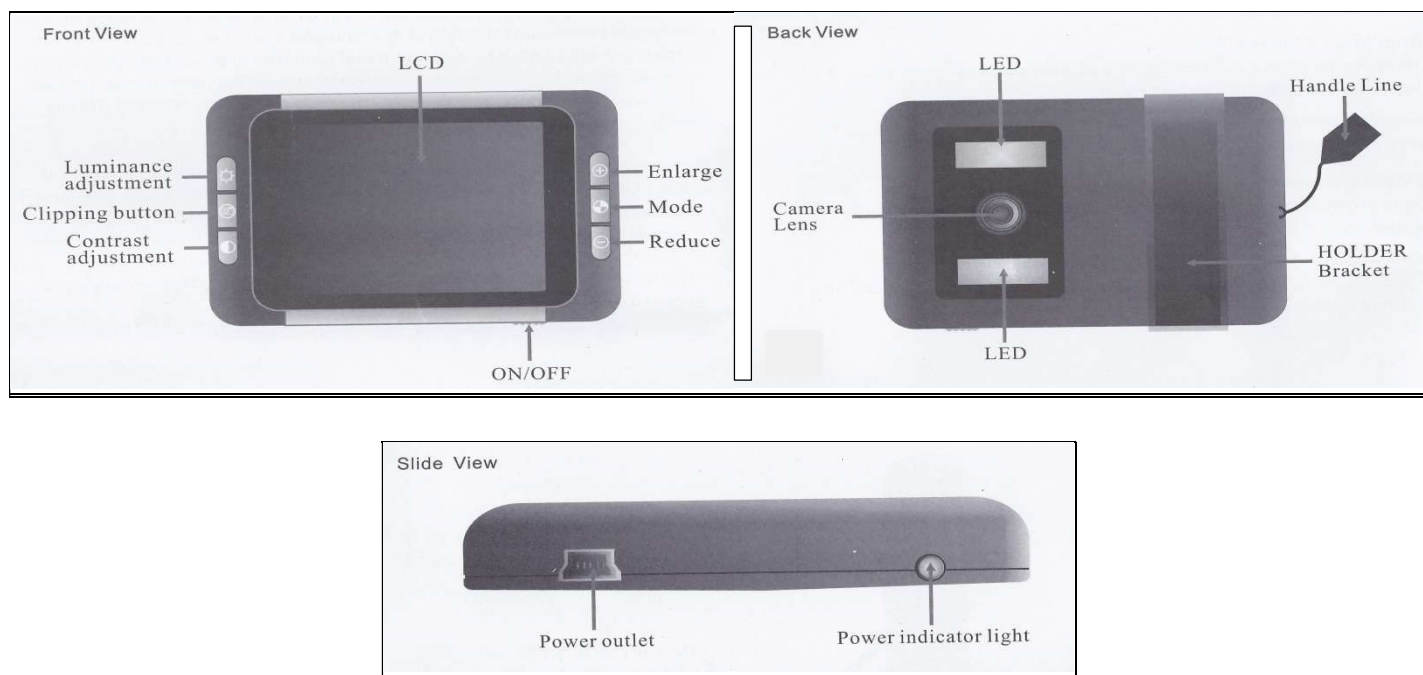

Features:

- Easy to use, lightweight, long-lasting rechargeable battery, 2 year warranty
- 8 magnification levels from 2x to 15x
- 4 viewing Modes – full color, black and white, high-contrast white on black and high-contrast black on white
- Freeze-frame “clipping” option
- 4-step brightness “luminance” and 4-step contrast adjustments
- Unique, removable stand for steady focusing, which folds up under the magnifier for easy portability

Video Magnifier Accessories Included:

- Wall power transformer and USB charging cord
- Black velvet magnifier bag
- Removable stand
- Removable wrist carrying band
- Cleaning Cloth

Getting To Know Your Video Magnifier:

Operation of Your Video Magnifier:

- Move the Orange "On/Off" switch to the ON position
- The 2 LED lights will illuminate and the screen will activate within a few seconds
- Place the magnifier over an object and move it up and down until the image focuses
- You can now use the feature buttons on both sides of the magnifier (shown in "Front View" picture above)
- The battery will last up to 3 hours on a complete charge

Charging Your Video Magnifier:

- There are 2 options for charging:
 - o Wall – plug the USB cord into the USB input on the transformer and plug into a wall socket
 - o USB – plug the USB cord into a USB port on a desktop or laptop computer (wall power transformer not necessary for this charging method)
- A red light will illuminate on the video magnifier and on the wall power transformer while the unit is charging.
- When fully charged the red light on the video magnifier will turn off
- A full charge can take up to 4 hours

Warranty:

2 year manufacturer warranty covers all manufacturer defects. Warranty does not cover loss or damage caused by user. If you experience a warranty issue, contact the location of purchase.

Technical Specifications:

- 3.5" TFT LCD display screen
- Display resolution – QVGA (320x240)
